CLAIMS HUSBAND CHOKED HER

*** ETHEL A. CARPENTER BRINGS
SUIT FR DIVORCE FROM
SUIT FOR DIVORCE FROM**

Ethel A. Carpenter, through Attorney G. W. Coble, has filed suit in probate court for divorce from Erlitt J. Carpenter. They were married June 17, 1904 at Mansfield. Helen aged 5, and Norman aged 10 months were born of the marriage.

The wife charges gross neglect, desertion and extreme cruelty. She says for more than three years past she has been compelled to support herself and children.

On Sept. 20, 1910, Mr. Carpenter says her husband deserted her and their children. On the same date she charges that without just cause or provocation he choked and ill treated her causing her great pain and suffering. She says she gave him no provocation for his actions.

Mrs Carpenter wants a divorce and custody of her minor children.

IS MAKING SEARCH FOR HER RELATIVES

Mrs. W. A. Richey of Galior has been in Mt. Gilead attempting to locate relatives of her father, Isichar Reese, if any be living in Morrow county says the Mt. Gilead Register. Mrs. Richey said it had been about thirty years since her father left this county and took up residence in the city of Cincinnati. Only once since he enlisted as a soldier to serve in the civil war had he returned to this county where he was born. During the years of his absence both his father and mother have died and he is heir to property belonging to their estate. Mrs. Richey consulted several

Are You Deaf?

Have ringing in the ears or
other head noises? Like your
friends to converse without
shouting at you? Would it grat-
ify you to hear the minister, the
lecturer, and music? Ruth M.
age 14 had such ringing in her
ears, some days she could not
hear. Eight months with doc-
tors and Aurists did not help
her. In three weeks use of the
"AUREASAGE" the ringing
ceased. If you care enough for
hearing to follow directions call
and learn how you can be bene-
fitted.

Respectfully,
Frederick W. Platt
