

Geo. Knofflock, Chief of Fire Department.
Mansfield, Ohio.

THE CASINO.

Mansfield is well provided with places of amusements. The Casino, at the end of the West Fourth street car line, opens about May 15th and runs until about the first of October, with the usual line of theatrical attractions, including repertoire companies, opera and minstrel shows. By the improvements contemplated, by the time of the Centennial the Casino hall will have seating capacity for twelve hundred persons. The Casino park adjoins North Park, and is well equipped for summer amusements. There is a cafe, also lunch and confectionery stands in the Casino building. The management of the Casino is under E. R. Endly, who is well known as a successful manager of theatrical amusements.
